

# Ring Binder

Fully Automated In-line Ring Binding System  
RB5020

## Professional Binding Just A Touch Away

With easy operations from the LCD touch panel or a PC, this ring binder quickly and correctly produces professional-level ring-bound booklets. Freeing yourself from the time-consuming manual tasks of the past, you will achieve a true increase in efficiency.

# Key Features

# Operation

The whole process can be initiated from the LCD touch panel with fully automated operation. The results are collated, punched and finished as bound booklets.
